# WELCOME THE NEW COLOR LABEL SYSTEM

## GROG® NEW SYSTEM

GROG® introduces its new color label system. From now on all labels will carry acronym and colored bands pointing to the type of ink used. You'll find it easier to know what you're using and the right refill you need.

# GROG® NEW LABELS

Our new labels have been designed to allow an optimal reading of all marker's informations: the content and its chemical composition, the mounted tip and its characteristics, the usage advices, those of warning and, last but not least, the barcode.

**NOW WITH BARCODES**

## HOW TO READ OUR NEW LABELS

**FMP**  
**FULL METAL PAINT**

ALCOHOL-BASED  
PIGMENTED PAINT

**THE EVERYDAY  
MARKER TREAT**

Bright colors, maximum opacity and optimal flowing capacity are the winning features of all Full Metal Paint™ products marked **Blue Label**. The amazingly vivid, extra-shiny 16 color range is pure delight for your eyes.
